These are sample books.

3. **Press ⇨ or ⇦ to highlight the book you want to use.**

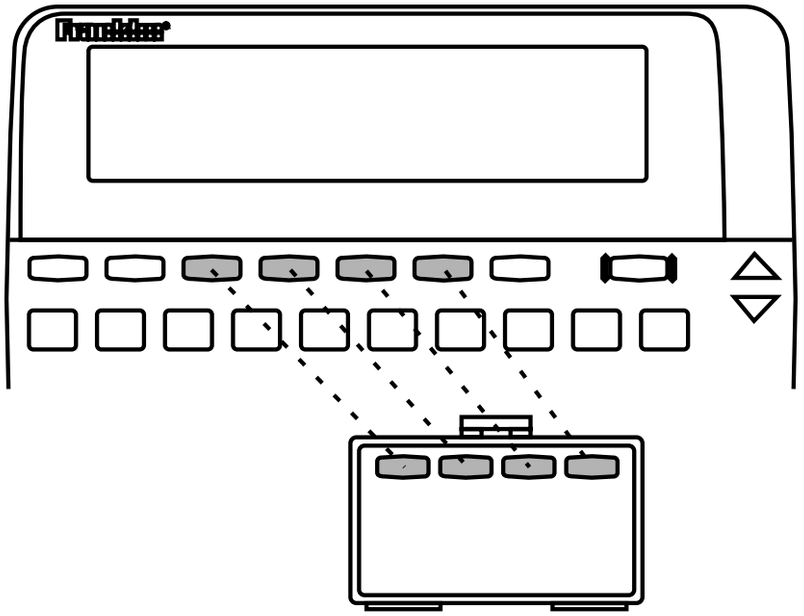
Using the Color Keys

The red, green, yellow, and blue keys on your BOOKMAN change functions according to which book is selected.

When the built-in book is selected, the color keys function as labelled on the BOOKMAN keyboard. When a cartridge book is selected, the color keys function as labelled on that cartridge.



Remember, the color keys for BOOKMAN books in cartridges function as labelled on their cartridges, not as on the keyboard.

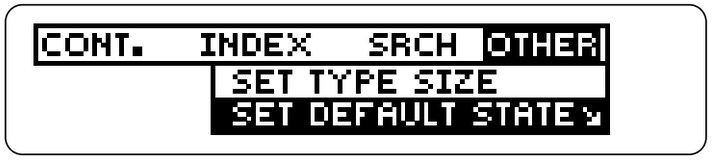
Changing Settings

You can adjust the font size, shutoff time, and the default state. *Set Type Size* changes the number of lines of text that appear on screen. The shutoff time is how long BOOKMAN stays on if you forget to turn it off. *Set Default State* lets you set which screen you will go to when you press CLEAR.

1. Press MENU.

2. Press the arrow keys to highlight the Other menu.

3. Highlight *Set Type Size*, *Set Default State*, *Set Shutoff*, or *Set Contrast*.



The ↘ indicates subtopics.

4. Press ENTER.

5. Highlight a setting.

6. Press ENTER to select it.

➤ Typing Numbers

To type numbers in your BOOKMAN, hold ☆ while pressing a numbered key.

Viewing a Demonstration

Before you start using this book, you can view a demonstration of what it can do.

Once you have installed and selected the cartridge, press MENU and then the arrow keys to highlight *View Demo* on the Other menu. Then press ENTER to view the demonstration.

If you want to stop the demonstration, press CLEAR.

➤ Help is Always at Hand

You can view a help message at virtually any screen by pressing HELP. Press the direction keys to read it. To exit help, press BACK.

If you want to read a tutorial, select *Tutorial* from the Other menu.

➤ Follow the Arrows

The flashing arrows on the right of the screen show which arrow keys you can press to move around menus or to view more text.

Searching by Name

To find a recipe, simply type its name at the entry screen. Some names are common ones such as *roast beef*, but others are more specific and you will need to remember at least part of the title to find the recipe.

1. **Press INGR.**
2. **Type the name of a recipe (e.g., *chili con carne*).**
   To erase a letter, press BACK.
3. **Press ENTER.**

The matches appear.

4. **Press ENTER to select a highlighted match.**
   Boxes mark your search words.
5. **Press a Direction key to read.**
6. **Press CLEAR when done.**

➤ Remaining Matches Are in Index

When you come to the end of a list of matches, you will often see the words *Remaining matches are in Index*. To view these matches, press MENU and highlight the Index menu. The Index now lists only the topics that include your search words. Press ENTER to select a highlighted topic.

➤ If You Misspell a Word

Don't worry. A list of corrections appears.

Highlight a correction, and then press ENTER. Or press BACK to change your search.

If you don't know how to spell a word, type the letters you do know and then type and asterisk at the end. Then press ENTER.

➤ Viewing Full Menu Items

Some recipe names and other menu items are followed by ellipses because they are too long to fit on one line.

At any highlighted menu item, press ? * to view the complete item.

To find out where you are in the cookbook outline, press ? * while in text.

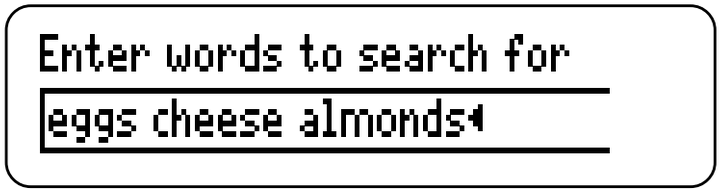
When you press ? * in text, you do not go to the outline itself, but rather to a snapshot of your outline location. Press BACK to return to text.

Searching by Ingredients

This electronic cookbook has a feature that will help you tailor recipes to the ingredients you have on hand. For instance, if you have eggs, cheese, and almonds, enter them to find recipes including all three ingredients.

1. Press (INGR).

2. Type up to three ingredients (e.g., *eggs cheese almonds*).



NOTE: You don't have to type capitals or punctuation.

3. Press (ENTER).

4. Press (ENTER) to view the recipe.

You go directly to the words you searched, not necessarily to the title.

5. Press ⇧ then ⇩ to read.

6. Hold (☆) and press repeatedly to view the next matches.

7. Press (CLEAR) when done.

➤ Adding More Ingredients

If you want to add ingredients to those you have already entered, first press (MENU), then select *Change Search Words* under *SRCH* and type more ingredients. Then press (ENTER) to search for the new ingredients.

➤ Choosing Search Words

You can search for almost any word in this cookbook. It need not be an ingredient. If you want to find a recipe that is cooked in a wok, enter *wok* at the search line. You will find nine matches.

Searching by Category

Another way to find recipes is to use the Contents menu. You'll find categories of foods such as *Appetizers*, *Cookies*, *Meats*, and *Sauces*, to name a few.

1. Highlight *Recipe Categories* on the Contents menu.

2. Press ENTER to select it.

3. Select a category (e.g., *pasta*). You can type the category or scroll down to highlight it.

4. Select a recipe (e.g., *spaetzle*).

5. Press a Direction key to read.

6. Press BACK to go back.

➤ Expanding Your Searches

After entering search word(s), you can expand a word search to find more matches.

When you expand a search, you will find your search word(s) first in names, then in text. For example, if you search for *eggs* you will find 50 matches most of which have the word *egg* in the recipe name. Press ENTER to go to the text of a match and press MORE. Now there are 248 matches for *egg*. The cookbook has found every place where the word *egg* appears in the book.

➤ The Clock and Sheaf of Wheat

Some of the recipes have a clock and/or a sheaf of wheat symbol next to their names. The clock means this recipe can be completed in thirty minutes or less. The sheaf of wheat identifies a Betty Crocker heritage recipe, one that has been consistently popular, constantly in demand and featured in a previous edition of *Betty Crocker's Cookbook*.

Using the Index

You can use the Index to quickly find recipes, ingredients, and other topics. Simply type a topic at the Index menu. Usually you need to type only its first few letters.

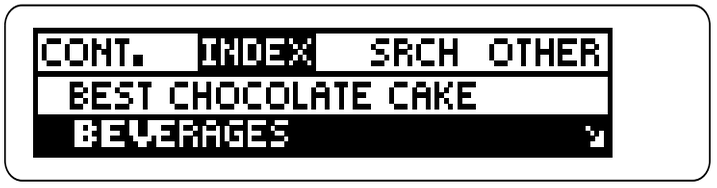
3. Start typing a topic (e.g., *beverages*).



4. Press (ENTER) to select it.

5. Select a subtopic or recipe.
