If you know a stock's ticker symbol, you can find the stock's name and the exchange that it is traded on. To search by a ticker symbol do the following.

1. Press **CLEAR**.

2. Type the letters of the desired ticker symbol, until it is highlighted (e.g., *FEP*).

Finding a Ticker Symbol

► Understanding Stock Entries

In each stock entry there are always three pieces of information pertaining to the stock: the stock's ticker symbol (e.g., *FEP*), the name of the stock (e.g., *Franklin Electronic Pub. Inc.*), and the exchange that it is traded on (*AMEX*, *NASDAQ*, or *NYSE*). The name of the stock may also show whether or not the stock is preferred or is a warrant, as well as showing the stock's series, if it applies.

► Moving between Menu Items

From within a stock entry, you can hold **☆** and press **▽** to go to the next stock entry, or hold **☆** and press **△** to go to the previous one.

Searching by the Stock Name

You can also search by the stock's name.

1. Press **CLEAR**.
2. Highlight the Name menu.
3. Type the letters of the desired stock name, until it is highlighted (e.g., *Franklin Electronic Pub. Inc.*).

To erase letters press **BACK**.

4. Press **ENTER**.
5. Press **↑** or **↓** to read.
6. Press **CLEAR** when done.

► Another Way to Search

You can also search for stock names by typing the first few letters of the stock name; then press **↓** to move down until the product you want is highlighted.

► Viewing Full Menu Items

Some menu items are followed by ellipses (...) because they are too long to fit on one line. Press **?*** to view the full menu item.

Cartridge Care

- **Do not touch the metal contacts on the cartridges.**
Caution: Touching these electrical contacts with statically charged objects, including your fingers, could erase information entered in a cartridge or built-in book.

- **Do not put excessive pressure on the cartridges.**

- **Do not expose the cartridges to heat, cold, or liquids.**

Resetting BOOKMAN

If the BOOKMAN keyboard fails to respond, or if its screen performs erratically, first press **CLEAR** and then press **ON/OFF** twice. If nothing happens, follow the steps below to reset it.

Warning: Pressing the reset button with more than very light pressure may permanently disable your BOOKMAN. In addition, resetting BOOKMAN erases settings and information entered into its built-in book, and in an installed cartridge.

1. Hold **CLEAR and press **ON/OFF**.**

If nothing happens, try Step 2.

2. Use a paper clip to gently press BOOKMAN's reset button.

- If your BOOKMAN has one cartridge slot, look for the recessed pin-sized hole on the battery cover or near the cartridge slot.
- If your BOOKMAN has two cartridge slots, the reset button is located on the front of the unit next to **ON/OFF**.

Optional Features
